Digital Citizenship: We reviewed the 2018-2019 Kane School District Report to Community Councils. The district uses Chromebooks which have the advantages of being secure and simple to use, even when the students are in other counties attending school activities. The district uses IBoss Web Filtering to control and block sites. Impero has been implemented and allows teachers the ability to see the student's screens during class time. Additionally, the district has learning software such as Canvas and Google Classroom. Last year, KES had a Netsafe assembly for students and parents. Community council agreed this should take place again. We also agreed information should be sent out to parents directing them to the NetSafe site on the KES website and providing them with other information about how to set filters at home.

Statewide Community Council Training Link: This year the state is offering a webinar link for the community council training. This is still being edited and hasn't been posted, but Mariah will let the board know when the link is live.

KES Calendar: Braxton lead us through a review of the calendar for November and December.

Closing: Lexie made a motion to close the meeting. Danielle seconded the motion. All voted in favor in closing the meeting. Meeting was adjourned at 3:40 pm.
